

# VIRAL SKILLS

## PROJECT

**Virtual Reality** holds an immense potential for adult education as it allows learners to **experience learning content** rather than memorising it.

The international partnership provides adult educators with the know-how, methods and strategies to integrate VR in their trainings.

## PRODUCTS

**Compendium:** A useful handbook for adult educators and managers on how to integrate VR in adult learning.

**VR Digest:** An overview of VR systems, requirements, and how to set up your own VR studio.

**E-Thunk:** A collection of VR software apps that suit the needs of your adult learners including a focus on low-skilled/qualified persons.

## GET READY

Become an **EU Viral Skills educator** and join our innovative **training programme**. Five days of self-experience learning combined with an online training featuring webinars - **get ready for a new way of learning!**
